## Road budget nears \$500,000

The Townships of Anson, Hindon and Minden will be spending nearly \$500,000 on road construction and maintenance this year and, if supplementary funding is received from the Ministry of Transportation and Communications (MTC), total spending could exceed half a million dollars.

At the regular meeting of the municipal council on Tuesday, March 25, a resolution was passed approving an application for subsidy to the MTC for \$470,955 for regular maintenance and construction purposes. Council also approved supplementary subsidy applications for the purchase of heavy equipment and two road improvement projects.

The application lists as the first priority the purchase of a loader at an estimated cost of \$55,000.

The second priority is the double resurface treatment, tar and chips, of a 1.8 kilometre section of the Bethel Church Road at a total estimated cost of \$34,650.

The third priority is the reconstruction of the remaining 1.4 kilometres of the Bethel Church Road at a cost of \$15,675.

The last item on the shopping list is a tandem truck valued at \$75,000. While there was a time the municipality could expect the MTC to cover 60% of the costs of regular maintenance and construction and 80% of

the cost of bridges and culverts, the provincial ministry has been reducing subsidies to municipalities.

The MTC District Municipal Engineer, Rick Hue, told council at a meeting in February that changes were made in the provincial funding formula in 1983. Because this municipality would have received less than in previous years, a grant guarantee of approximately \$5000 was being offered to compensate for the reduction in grant monies. Hue said council could expect the same grant for regular construction and maintenance as 1985 (\$194,000.)

Supplementary funding will vary depending on the number of projects or purchases being funded, but could amount to as much as 75% of the total costs.

## MTC says level of service unchanged

The Ministry of Transportation and Communications (MTC) has responded to criticism of the apparent reduction in winter maintenance operations on Highway 121 between Minden and Haliburton by emphasising there has been no change in the designated level of service.

A letter from MTC District Engineer, D.A.O. White, was read at the March 19 meeting of Haliburton County Council. White was responding to

a resolution passed in January requesting the method and level of service be returned to the standards of the 1984/85 winter season.

The resolution was endorsed supporting a similar resolution passed by Dysart et al council which requested the MTC upgrade maintenance to the highway and reinstate the Haliburton Patrol Yard to its former level of efficiency. In seeking support of the Dysart resolution, Reeve Murray Fearrey told council he had received numerous complaints concerning the icy road conditions and delays in snowploughing on the highway. In his letter to council, the District Engineer noted that while there have been changes in the MTC operations, there has not been a reduction in service.

The Minden-Haliburton-Carnarvon area has in the past been serviced by three five ton ploughs and three sand/salt spreaders, he explained. Of these, two ploughs and two spreaders worked out of the Haliburton Yard.

The reconstruction or

upgrading of highways over the past ten years, has improved the overall level of service, he said, while, at the same time, Highway 519 was transferred to the County of Haliburton from the province. Despite these changes White said, there has been no decrease in the number of ploughs and spreaders.

However, the engineer

noted there have been changes in staff and operations. In an effort to reduce expenditures, the Haliburton and Minden yards were combined and since traffic volumes in the Minden area are greater than around Haliburton, the Haliburton yard was downgraded resulting in two ploughs and two spreaders operating out of the Minden

yard and one plough and one spreader operating out of the Haliburton yard.

There has also been a reduction of staff due to a retirement of the Haliburton yard supervisor and because one MTC truck has been replaced by a privately owned truck resulting in a reduction of the work load

(more on page 12)

## Judge will rule in May in double fatality case

Provincial Judge George Inrig has reserved judgement after three days of testimony in a trial which resulted from an accident last July near Haliburton that claimed the lives of two teenagers and seriously injured a third.

The accident occurred on the night of July 9, one and a half kilometres south of the village of Haliburton on County Road 1. According to the Ontario Provincial Police, Robert Smith of Thornhill was driving south on County Road One when

he pulled across the highway and parked on the northbound (east) shoulder of the highway.

Smith's Honda Accord was parked facing south with the headlights shining toward oncoming traffic. Smith and his four passengers were standing on the shoulder of the highway behind the Honda when a 1979 Camaro driven by Gregory Kennedy of Dysart Township, approached round a bend from the south. Kennedy attempted to swerve to the right around

the parked car, struck the left front of the Honda, continued past the car and struck three of the people standing on the shoulder of the road.

Monica Ann Bresolin, 17, of Hamilton and Pamela Corbett, 17, of Kenora, were killed and Brigid Ellen Bernade, 21, of Thornhill was seriously injured. As a result of the mishap, Bernade will require nursing care for the rest of her life.

All three were employees

*Reverend John Phillips of St. George's Anglican Church enthusiastically leads the congregation in song during the Sunrise Service held at Skyline Park in Haliburton on Easter Sunday morning. Despite the rain, parishioners from many local churches attended the early morning ecumenical service.*

## Dr. McClure featured speaker

A former Moderator of the United Church of Canada will be a guest speaker for a special public meeting tonight, Wednesday, at the Haliburton Highlands Secondary School. Dr. Robert McClure, who has served in China as a medical missionary, is being presented by the Haliburton Rotary Club at this free meeting.

Dr. McClure is an outspoken Canadian who has appeared on numerous radio and television programs. While listeners will not always agree with the speaker's point of view, his opinions and method of presentation will challenge those attending.

The presentation Wednesday evening is scheduled to begin at 7:30 p.m.

## Sidewalks, lighting get top ONIP priority

The expansion of the network of sidewalks in the community, the improvement of existing sidewalks and the addition of street lighting at various locations in the community have been given top priority in the Anson, Hindon and Minden Ontario Neighbourhood Improvement Program (ONIP). The plan was approved at a special meeting of the municipal council in mid-March.

According to the plan approved by the council, \$170,000 will be spent on the improvements. Half of the cost of the projects will be paid for by the provincial government under the community improvement scheme.

The plan calls for the projects to be carried out over the next three years. The improvements include the installation of street lights on Parkside Drive, leading to the arena, three at the arena, four on McPherson Street, by Hyland Crest and along the path leading to Bobcaygeon Road, two on Bobcaygeon Road just north of the bridge, lighting at the bridge, three new installations along the river on South Water Street and one on Newcastle Street, opposite the United Church. The installation of street lights will take place this summer and in the summer of 1988. An expenditure of about \$28,000 is planned for this year with \$23,000 being spent in 1988.

Other 1986 improvements include the construction of sidewalks from McPherson Street to Bobcaygeon Road at a cost of \$5000. A walkway currently connects these two streets. The installation of the sidewalks should assist in eliminating puddles and mud problems at certain times of the year.

Also in the works for this year is a \$20,000 expenditure to pave the portion of the upper parking lot at the Community Centre. The work is expected to provide a paved parking lot area for 30 cars.

The plan also calls for the expenditure of \$2000 for the installation of washrooms at the ball diamond behind the Community Centre.

During the second year of the ONIP Program, the sidewalks between the bridge and Prentice Street, on the west side of Bobcaygeon Road will be replaced. The cost of this undertaking is estimated at \$29,900. Sidewalks will also be constructed on Parkside Crescent from Bobcaygeon Road to the Community Centre. The cost is estimated at \$21,100.

In addition to the street lights mentioned above, the plan calls for \$35,000 to be spent on Community Centre repairs in 1988.

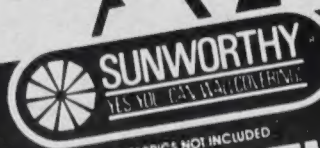

The plan includes a \$7000 amount for administration of the project, including consulting fees.

(All figures above are the estimated gross amounts required. The municipality

will be responsible for half of the amounts indicated with the province paying the remaining portion.)

The plan outlining the improvements noted that the council relied on a consultant's survey, information provided by municipal staff members and the councillors' own knowledge of the area, to determine the priorities. A public meeting was called to provide for community input, however the

# RABIES

## IT'S NO WAY FOR A FRIEND TO DIE.

Protect your family. Vaccinate and leash your pet. Avoid strays.

Last year in Ontario 2,150 people were treated for rabies exposure. As a result, the Ontario Ministry of Health is urging all residents to be extremely cautious. Since the disease is fatal to humans as well as pets, anyone who's been in contact with a rabid animal must take a series of shots.

You can protect your family by taking these simple precautions. First, vaccinate your pets against rabies. Second, keep them on a leash. Third, everyone, especially children, should be taught

to avoid strays and wildlife that might carry rabies. Always wear gloves when handling a dead animal. Remember, farm animals can be infected too.

Protect your family and friends by protecting your pets from rabies. It's no way for a friend to die.

The tantalising aroma of grilled sausages and pancakes filled the Lloyd Watson Memorial Centre in Wilberforce during the eleventh annual Maple Syrup Festival on Saturday. Adele Barnes, left, Ken Creg and Sharon Stoughton were kept busy throughout the morning as they prepared the hearty breakfasts for hundreds of visitors.

## Fatality trial held in Lindsay

(from page 1)

of the Quanafor Ringette Camp on Koshlong Lake.

Gregory Kennedy was charged with impaired driving following the accident. He later pleaded guilty to the charge in Provincial Court and was

fined \$500 and had his driver's licence suspended for three months.

Robert Smith was charged with careless driving.

His trial opened in Minden Provincial Court in February then, following one day of testimony,

reconvened in Lindsay Provincial Court on Wednesday, March 26.

Witnesses, including OPP Constable Jim Solway,

Gregory Kennedy, Robert Smith, a fourth passenger in the Smith vehicle and

several people who arrived at the scene following the accident, were called to the stand by Crown Attorney Chris Meinhardt.

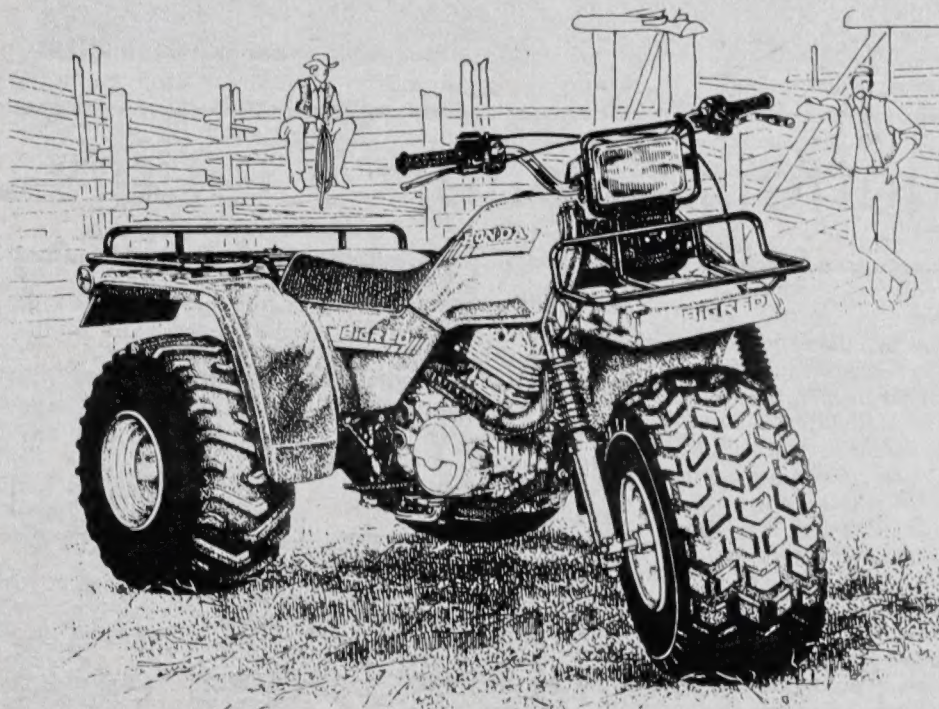

Defence Counsel Robert Goodman of Toronto also called to the stand, two

former employees of the camp who had taken photographs and measurements of the scene a month after the accident. Both the Crown Attorney and the Defence Counsel submitted an extensive compilation of

legal precedents in arguing their case.

Following the two days of testimony, Judge Inrig told the court he would reserve judgement until May 20 in order to allow him time to review all the evidence.

### NOW, THERE'S MORE OF BIG RED TO LOVE.

For years, people have loved the do anything Honda Big Red. And for 1986 we've made the love affair even stronger. We've added a new high-performance battery and redesigned high-traction tires to all the features that make Big Red

the biggest name in all terrain three-wheelers. Not changed is the big, gutsy engine designed by Honda engineers specifically for all terrain use. And there's a five-speed transmission with reverse, maintenance-free shaft drive, electric

starter and standard carriers and trailer hitch. With all that going for you, you'll love Big Red on work days. And you'll love it just as much on the weekend.

### Waiting for the shoes

There are two more shoes to be dropped and taxpayers across the county are waiting in eerie foreboding for those ominous clunks. Last week we reported on the first shoe, the members of Haliburton County Council have approved a 10.1% increase for their budget.

At one time, when inflation seemed to be running away with our dollar, a 10% increase may have been justifiable. However, inflation has now been brought under control, if not licked, with yearly averages running 4 to 5%. We can't help feeling that government demands of its taxpayers should be close to it not under the rate of inflation, not double the current figure.

We are aware there are new needs to be met and new programs to be introduced, but it seems that every program brought on stream becomes a "sacred cow," not to be axed in future years. Indeed, the mentality appears to exist that for a program, service or department to demonstrate the value of its existence, it must enlarge its budgetary requirement each year. It would indeed, be pleasant to be greeted by a government for once which sought less money rather than more.

Far from the 1988 election, the politicians may feel well insulated from the taxpayer's wrath. However, with over 50% of the average taxpayer's income going to government at some level, we feel those who are paying the piper are quickly tiring of the music they hear.

The other two shoes? The board of education is ready to drop one and initial rumblings indicate a healthy increase is in the offing. The other is the budgets of municipalities, most, as yet, unannounced. Taxpayers would be well advised to watch the process carefully in the next few weeks and let the politicians know that further increases are unacceptable.

Spring break-up

## letters letters letters

## Editor:

Now that the snowmobile season is over, we would like to extend our sincere thanks to the Haliburton County Snowmobile Association and the Townships of Anson, Hindon and Minden. We have enjoyed the best winter yet for snowmobiling. We realize a lot of time and money is spent for dedicated people in order to maintain the well-groomed and marked trails.

We are not positive that all snowmobile families share our type of winter weekend, but we look forward to our time in Minden. We arrive on Friday night and pick up our groceries and videos in town. On Saturday a group of us take off to the trails and plan our trips so that we can stop at a local restaurant for lunch.

This past winter we purchased a third snowmobile and updated some of our equipment. All these purchases have been

completed in Minden.

We are committed to this area and highly recommend the life style to our Toronto friends. At present, a local contractor is starting an addition to our Horsehoe Lake cottage/home for our retirement.

Thanks again Minden and keep up the excellent results on the trails.  
Norm & Fran Smith,  
Agincourt.

## Editor:

I can understand why people think the churches should not be moved from their original ground, but putting these churches where they can be taken care of properly, as well as being open for the people to enjoy a quiet moment of prayer, is not uncommon.

I know of at least three or more places where this has been done, the reason being that with all the vandalism touching the areas, the people felt this was necessary so that the origin

of each church could be kept alive in the heart of the community.

The cemeteries are still looked after, but the churches moved for protection.

It seems some do not mind destroying churches, but still have respect for the dead.

Irene Moore,  
Minden.

## Editor:

Recently I attended Minden Provincial Court and to say I came away shocked and astounded would be a gross understatement.

As a subpoenaed witness for the Crown, I was required to be present at 10 a.m. sharp on the trial date. I had been assured repeatedly that the entire day had been set aside for this particular trial with no other cases scheduled whatsoever.... absolutely, positively and "be there or else"!!

(more on page 7)

## outdoors

Before us stretches a magnificent chain of forest-ringed, blue lakes flanked by vibrant marshes and by cliffs adorned in centuries-old lichens...all suffering a slow malingering death. A few ancient gnarled muskellunge prowl the shadows, in desperate search of something to eat. They'll be the last of their kind; reproduction has long since failed. Already gone are the pickerel, trout, sunfish, mayflies and their brethren--important as a food base for otter, loons, and a host of upland creatures.

The forests themselves languish. Near-barren hilltops stand exposed, pocked by rotting skeletons of what were once artists' ideals. The malaise creeps slowly downhill, rippling and coalescing through the forests. Some species are already gone. What should be lush conifers are drab, stunted skirts, with barely half their foliage alive. Others, resistance weakened, stand riddled with insects or disease. Soils slowly wash from the dying roots. Silently, deceivingly, the plague slowly widens its grip on the shield landscape.

Acid precipitation remains, without a doubt, one of the most serious threats to the health and variety of the landscape upon which this--and future generations ultimately depend.

The Canada-US acid rain accord, reached at last week's Reagan-Mulroney summit, is a halting third, step in a long series needed to solve the problem. But it is no panacea. Indeed, there is a risk that the public may be lulled into a false sense that the solution is at hand, while antagonists intensify their lobbying efforts.

The accord builds on growing public recognition and on demand--in both Canada and the north-eastern US--for a curtailment of sulphurous and nitrogen oxide emissions causing the problem. The accord also follows actions by the Canadian and provincial governments last February, which dictate a 50% reduction in eastern Canadian emissions by 1994. To achieve that reduction, major cuts were ordered from Sudbury area smelters, in automobile emissions and by electrical generators like Ontario Hydro.

Guided by the foresight and determination of Environment Minister James Bradley, Ontario has gone further, ordering a 67% reduction by Ontario's four main producers--Inco, Ontario Hydro, Falconbridge and Algoma Steel.

But, while this has been happening in Canada, stateside demand for cheap energy continues to grow.

(more on page 12)

# Housing project gets green light

A non-profit housing group in Haliburton has received approval to proceed with the development of a 33 unit senior citizens apartment building.

The Haliburton Community Housing Corporation was given the go-ahead in March with the announcement by Bill McKnight the minister responsible for Canada Mortgage and Housing Corporation and Alvin Curling, Minister of Housing for Ontario, that funding has been approved for the building under a recently established federal-provincial housing program.

The apartment complex will be built on a site between Head Lake and Maple Street with the north end of the building adjacent to the tennis courts.

According to Jan Shipley, secretary of the housing corporation, the building will be erected on land presently owned by the Royal Canadian Legion Branch 129 and the Haliburton Rotary Club. The project will satisfy a long recognized need in the community for affordable rental units for seniors.

Shipley credits Dysart et al Reeve Murray Fearrey and clerk-treasurer Wayne Wood for beginning the long process which resulted in the final approval this past month.

The concept of a senior citizen's apartment building came a step closer to reality at a public meeting in September, 1984 between residents of the community and Deirdre Gibson of the consulting firm Gibson and Associates of Toronto. The

Legion established a steering committee and took responsibility for sponsoring the final project.

Shipley emphasised that while the Legion has been instrumental in carrying on with the project, the committee represents a cross section of the community with most members being involved in other groups. As an example, she noted the chairman of the committee

Cliff Dawson, is both a member of the Legion and the Haliburton Rotary Club.

She also emphasised the apartments will be available to anyone 59 years of age and over with the exception of two apartments which have been designed to accommodate people in wheelchairs. "Because this is a community housing project, the apartments will

be open to all senior citizens, not just veterans," she said.

To date, approximately 95 applications have been received by the corporation. Applicants will be interviewed by Gibson and Associates and accepted. "On the basis of need," Mrs. Shipley commented.

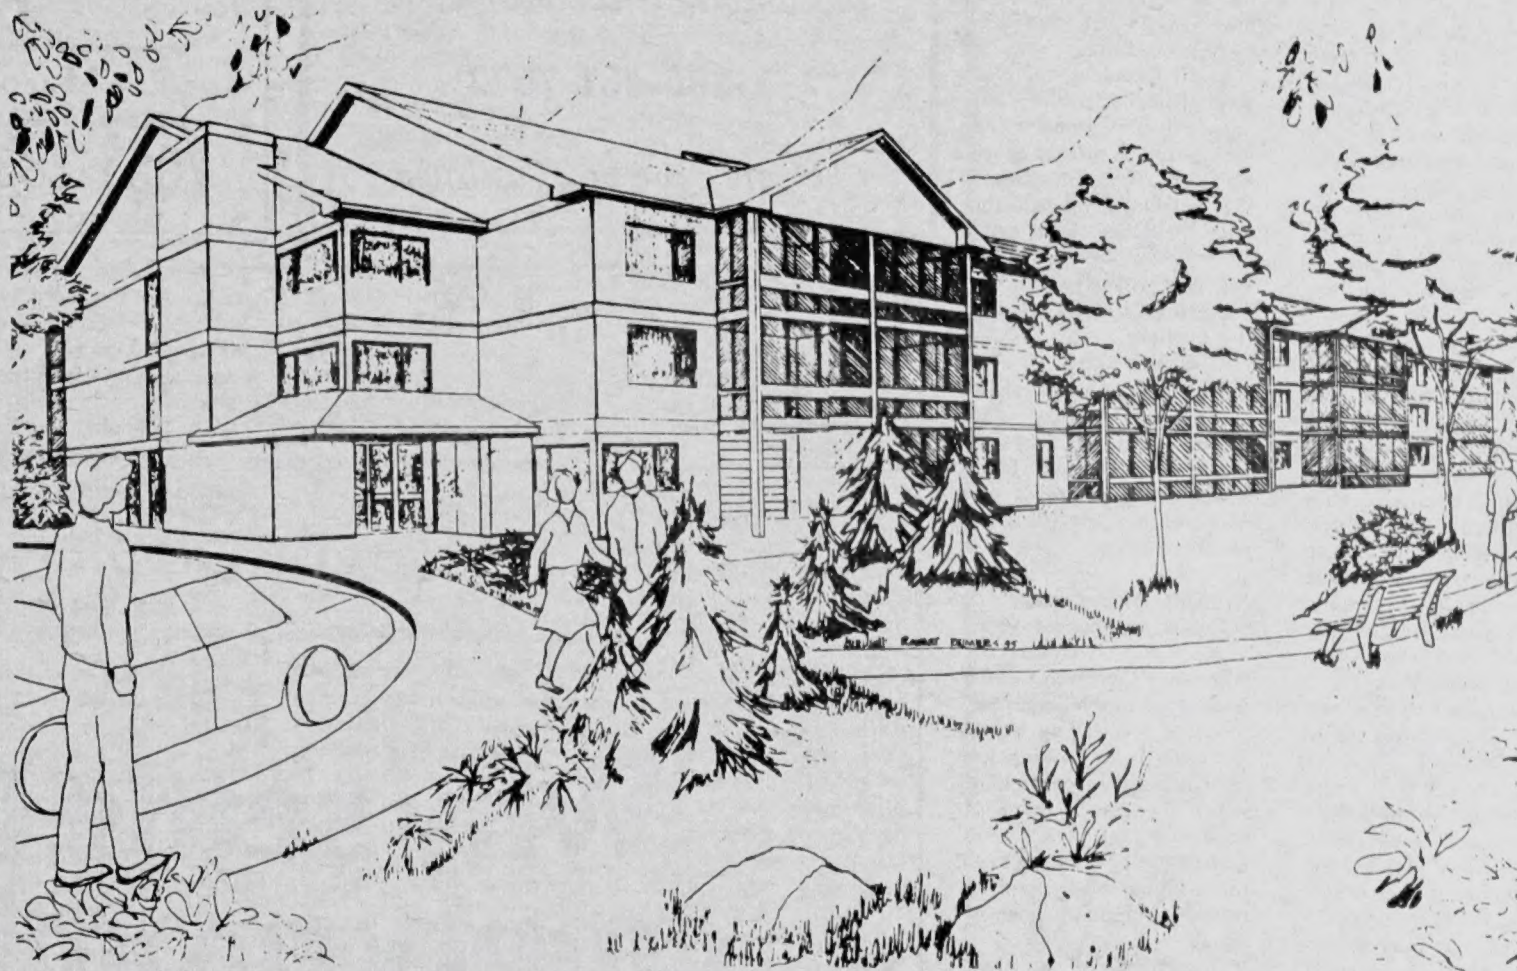

80% of the apartments will be geared-to-income rental units. "To use the terminology of the Ontario

Housing Corporation 40% will be geared to deep need and 40% to shallow need applicants. The remaining 20% of the apartments will be rented at market value," she explained. All rental agreements will be confidential.

The construction phase of the project will begin with the test drilling of the site to determine if the building will be erected on pilings or a

concrete slab. Once this has been determined any design changes that are necessary will be made and the corporation will call for tenders.

The committee hopes construction can begin by the end of May. If the project is completed as anticipated, the building will be ready for occupancy by February, 1987.

Artist's concept of the 33 unit senior's housing project planned for Haliburton Village.

## County council in action

-by Gary Kenney-

**L**ast Wednesday's decision, to natter on about a Minden heritage park, meant that notes scribbled during county's Budget-Tea-86 were abandoned to my omnivorous desk top for an extra week.

That presented me with two worries. Would I ever find them again? And, considering my memory span is shorter than

a Maple Leaf winning streak, would they be detailed enough for me to relive those inspiring moments when our Idles of March issue annually from veiled committee rooms with their year's shopping list.

The good news is I found the notes. The bad new is they produced total recall.

In we plunge, with all due respect to Mr. Howe's delight in recounting the last increase, a raise of county councillors' pay every eight years is eight years too soon in that chamber. Since 1977, based on the average meeting slept through, councillors were getting over \$18.00 per hour to cup their chins in their hands and count the strands in the rug.

Now they will receive \$25.00 per hour. No doubt such an increase in political fortunes will spawn more than one leather K-Tel Chin Rest with optional coffee warmer at the May slumber party.

"Nay, unfair, unfair," I hear several councillor's travel agents protest. So here's a look at March 19th's workload.

Two visitors prodded the members for anything that might resemble useful dialogue, but to no avail. Nine

committee reports were read to a generally indifferent audience that asked six questions in all. Fourteen bylaws were passed and all but one rubber stamped simple property transactions being carried out by county municipalities...a total of three questions this time.

After lunch, the Management Committee allowed council to see their budget. Lutterworth's Deputy Reeve seemed very interested. The rest saved strength for the vote. Meeting adjourned.

I especially liked the skit arranged by Messrs. McCausland and Fearrey. Their choreographed indignation toward a certain columnist was very nearly worth the 36% pay raise in itself. A mite overacted by McCausland. Vintage Fearrey though.

It seems the Chamber of Commerce met privately with the Management Committee to arrange a three year line of credit at \$60,000 per...unbeknownst to council proper.

This journeyman awarded a pint of pickled perch lips to the Chamber for those concealed negotiations and sparked the above described Abbott and Costello remake.

I now recall that in January, representatives of the County Home Support Services and the County Information Centre were mustered, cap in hand, to publicly plead their case for another grant. Each got \$1,000 for the effort.

It seems the sirloin is carved in private and the bones are fought for in public.

The Clerk read a letter from the Queen's Parking Lot. They're requesting objects for a provincial time capsule to be buried as relics for curiosity seekers in the next century. May I suggest a reply be sent with the overall dimensions of the Management Committee strapped to a wooden pallet. Maple, of course.

The March 19 agenda was completely the Warden's responsibility. So too was the embarrassing lack of councillors' response to a visit by the Executive Director of the Children's Aid Society. No member knew the visit was planned until they sat down. So, no homework. One attempt at a question. Then silence. Sloppy Mr. Davis, very sloppy.

The explanations of an historic deficit don't wash cleanly. Take for instance the general swallowing of the yarn that bank charges more than doubled by \$12,000 because those charges were lumped together rather than being individually charged to various departments.

Hold on Nellie. Individually charged, or lumped together, who cares? They still had to be budgeted. All that scam does is window dress the departmental deficits so they look lower than if the bank charges were embarrassingly included.

The only worthwhile comment given on the matter was Mr. Howe's promise the Management Committee will need to meet more often to monitor 1986's spending habits. Amen.

(from page 4)

Naturally, I made certain sure I was there as requested, as did four other witnesses involved, two of whom had risen at some ungodly hour and motored from Toronto to Minden.

What happened? Nothing whatever for the first 45 minutes. You see, neither the judge nor the Crown Attorney arrived until 10:45 a.m. At that time the court decided to ignore the case for which the entire day had supposedly been set aside and, instead, hear an entirely different one. When that finished, one and a half hours later at 12:15 p.m., court adjourned for lunch. Although court was to resume at 1:30 in the afternoon, it was actually 2:00 p.m. before the judge and crown put in an appearance and court resumed...this time to consider still another unscheduled case.

Finally, the accused in "my" case was arraigned and I thought we were under way at last. It was not to be. After all it was all of 3:30 p.m. and the court in its wisdom, simply set a new trial date, May first and adjourned for the day after sitting only three hours in all.

What did I receive in return for needlessly wasting an important business day? The magnificent sum of \$6.00 for the fee paid to each witness.

Police officers involved, apparently about seven in all, were unavailable for regular duties that day but, like the judge, the Crown Attorney and other officers of the court, were well paid for the time, certainly something well in excess of \$6.00 each for the day.

It would seem that our courts have and show concern and consideration for everyone involved in their operation except the all-important witness without whom, most court cases would collapse. Witnesses are expected to sacrifice a working day and absorb the resulting monetary loss for the sake of justice.

Fine, but you really would think that this sacrifice would merit even minimal consideration by the courts. Instead, witnesses are forced to travel, in some cases, hundreds of miles to be on hand for a scheduled case which the court has absolutely no intention of hearing on that day at all.

Surely the Crown Attorney has heard of Mr. Bell's great invention, the telephone? Surely, as the presiding officer of the court, it behooves the Judge to ensure that the Crown does in fact, use the telephone to prevent needless attendance by witnesses?

Surely our courts can

start on schedule. Is it asking too much to expect a judge and a Crown Attorney to arrive on time and not to dawdle over lunch, all done at the inconvenience of the others involved?

If the court I attended, is any example, then it's no wonder the courts of Canada are jammed with a backlog of unheard cases. Any other business operated in this fashion would soon be out of business.

To be blunt, this behaviour smacks of the

gross abuse of authority; the gross abuse of an apparently unpoliced court system which can do set new and hitherto unheard of standards of "banker's hours". The lack of concern for those subpoenaed as witnesses is equally gross with all the earmarks of a Machiavellian approach to human relations. After all, this is not the Soviet Union or Nazi Germany. This is Canada where there is no room for dictatorship and tyranny in our courts of law.

To end on a positive note, I would suggest that:

1. Court hours be changed so that court starts daily at 9 a.m. and finishes at 5 p.m.

with one hour for lunch, but that courts continue to sit beyond 5 p.m. if necessary to complete the day's docket.

2. Court starts on time.

3. Witnesses be notified in time to prevent needless attendance when a scheduled trial must be postponed.

4. The witness fee either be dropped entirely or else raised to that of a Family Court witness; i.e. \$50 a day. To offer some \$6.00 for a day in court is nothing less than a personal insult which in another age, possibly would have resulted in a duel at dawn!

Allin Cooper, Minden.

## from the chamber

by Shawn Hagerman

This is the first of my Chamber of Commerce columns.

In case some do not know who I am, I am the current president of the Chamber of Commerce. The board and manager have felt for the last little while that it would be important to keep the members of the chamber and others informed of the chamber affairs. The thought of writing a weekly column certainly does well

to focus anyone's mind. We have not had one for the last year or so. Bob Stinson, the previous manager, was able to write one quite regularly every week and I have come now to thoroughly admire his ability to produce a column on a regular basis.

The last year has certainly been one of the most exciting in the chamber history. We have had a new building, a new manager and several new exciting programs that have come

along.

Over the coming weeks, I hope to be informing everyone of the goals and philosophy of the current chamber. I will be introducing the various members of our board and explaining what we do. I will also be commenting regularly on our board meetings and what has been decided that would affect our members.

I think, as chamber members, the best vote of confidence that our chamber has received concerning the chamber's ability to promote the county, occurred last month

# Minden team takes Coby tournament

A team representing Minden won all five of their games to capture the "A" Division Championship in the ninth annual Coboconk Tournament in Minden over the weekend.

Twenty-eight teams from throughout south-central Ontario took part in the four days of competition.

Four games were played at Minden arena on Thursday evening then to accommodate the large number of entries, games were played in Minden and Haliburton on Friday and Saturday leading up to the four divisional championship games on Sunday in Minden.

The names of some of the teams (Fuzz and Company, The Pitts, The Lindsay No-Stars and Carrot Salad) may

have added a light hearted touch to the proceedings but had no reflection on the intense competition of the tournament.

In determining the final playoff berths, teams were awarded ten points for each win and a half point for each goal, up to ten goals. Losing

teams were awarded half points for each goal.

By Sunday, twenty of the teams had been eliminated from further play and the remaining top eight teams

faced off in the four division championships.

Fuzz and Company (Haliburton) defeated Fenelon Falls 3-2 to clinch the "C" division championship.

Two clubs from Lindsay met in the "B" division

championship, a game many fans considered the highlight of the tournament. Lindsay York Tavern and

Mid-Town Motors put on a fast skating, close checking exhibition that saw the teams tied at 1-1 at the end of regulation play. Neither team was able to score during the first five minute overtime period. Because it was a championship game, the organizers agreed the game should not be decided in a shootout. Instead, the teams played a second sudden death overtime of twenty minutes.

At the 9:02 mark, a Lindsay York Tavern forward ended the marathon contest with a picture-perfect goal to win the game and the championship. The goalies of both teams were chosen as the Most Valuable Players in recognition of their outstanding play.

The Minden Monarchs went into the final game of the tournament after completing a four game

sweep of the preliminary rounds. Bakers AMC of Richmond Hill were the underdogs with a 3-1 win/loss record.

Minden jumped to an early 3-0 lead in the first period then went on to win the game 7-4 to clinch the "A" division title.

Members of the team included coach Leigh Bull,

manager Kim Colliss and players Pete DeCock, Barry Shaw, Ted Vasey, Darrell Stamp, Larry Kimble, Brian

Shaw, Dave Nicholson, Dale Kimble, Tom Farrell, Barry Walker, Kim Hamilton, Mike Carnavale, Joe Nicholson, Brad Prentice, Bill Prentice and Don Oliver.

The annual Coboconk tournament, the largest

Players mill around the Minden net during the final game of the annual Coboconk Tournament on Sunday at Minden arena. The home team defeated Richmond Hill 7-4 to complete a 5 game sweep of the tournament and clinch the "A" division championship.

tournament of the year in Minden, marked the end of the hockey season at Minden Arena.

As soon as the final game was played the refrigeration equipment was turned off and the ice began to melt.

# Huskies locked in 1-1 tie

The Bantam Huskies travelled to Teeswater this past weekend to begin the All-Ontario finals.

Game one on Saturday was a game for the fans with a very exciting close three periods of hockey. Teeswater opened the scoring with only 35 seconds having elapsed on the clock to lead 1-0. Again at 7:35 of the first, Teeswater scored.

The Huskies closed the gap to one at 7:19 on a goal by Erin Nicholls assisted by Jaro Cooper and Scott Nesbitt. Jaro Cooper scored at 4:44 of the first, assisted by Erin Nicholls to tie it at 2 apiece. In the second period at 12:24, the Huskies took the lead on a goal by Scott Nesbitt assisted by Ron Perrin. Teeswater tied it at 3 apiece with 10:58 left in the game.

Ron Perrin made it 4-3 for the Huskies with 8:43 left, assisted by Scott Russell and Scott Nesbitt. Teeswater tied it again at the 6:56 mark. Ron Perrin made it 5-4 at the 3:46 mark assisted by Scott Russell.

Yes, Teeswater again tied the score at the 3:16 mark. Much to the relief of the many Haliburton fans in the crowd, Erin Nicholls scored at the 2:53 mark on a pass from Alan Rydman and the scored remained at 6-5 for Haliburton at the final buzzer. A good solid team effort. Gavin McKnight was the winning goaltender.

#### A closer game

The second game of the series on Sunday was a close affair with both teams tied 3-3 at the 11:09 mark of the third period. However, Teeswater scored three goals within the last 9 minutes to even the series at one game apiece with the 6-3 win.

Scoring for Haliburton were Ted Paish, unassisted, Drew Mitchell from Erin Nicholls and Erin Nicholls from Ted Paish. A good effort.

The Huskies were supported both in the stands by the many fans who came

The 1985-86 Haliburton Bantam Huskies. Team members and sponsors include, from the left, front row, Ted Paish, Drew Mitchell, Connie Robinson of Beachli Construction, Gavin McKnight, Gerry

Walker of Walker's Plumbing and Heating, Darren Byers and Jeff Francis. Back row, Dennis Byers, Tom Russell, Scott Russell, Jaro Cooper, Erin Nicholls, Ron Perrin, Scott Nesbitt, Jeff Warburton, Alan Rydman, Doug Mitchell, and Gary McKnight.

to support them and also financially by the following people and businesses: Long and Barry Contracting, John Robinson Beachli Construction, Gerry Walker Walker's Plumbing and Heating, Sinc Nesbitt and Sons, Tim Casey, Art Ward Wig-A-Mog Inn, Ken

Langdon of Black's Home Hardware, Haliburton Lumber Murray Fearrey, Emmerson Lumber Kim Emmerson, Mike Vuksic Mike's Milk, Don Popple from Curry Motors, Len Salvatori, Art Dawson Insurance, Bantam Hockey Team Ladies, Haliburton Minor Hockey, and, of course, the team parents. Everything was very much appreciated and the players will take to the ice this Saturday night April 5 at 8:30 p.m. and Sunday April 6 at 2:30 p.m. for game 3 and 4 of the best of 7 series. See you there.

## MINDEN ANIMAL CLINIC

Dr. P.J. Bennett

Bobcaygeon Road North  
(705)286-2919 R.R.2 Minden

All eyes are on the puck during a goalmouth scramble in the final game of the Coboconk Tournament at Minden arena on Sunday. A team representing Minden defeated Richmond Hill 7-4 to capture the championship trophy. Twenty-eight teams took part in the ninth annual tournament which marked the end of the hockey season at Minden arena.

## Council hears objections

Anson, Hindon and Minden council has been asked for assurances that the Home-All Building Centre on Peck Street in Minden will not become a lumber yard.

The request was made by Brian and Nancy Adamson at the regular meeting of council on Tuesday, March 25.

Mrs. Adamson told council that when the store was being proposed last summer, she had received assurances from council and the owner of the building centre that there would be no outside storage of materials. However, Mrs. Adamson pointed out, lumber is being stored on the property beside the building instead of being housed inside the storage area.

She asked council to take an interest in the matter and ensure that the owner does not break his agreement again. Brian Adamson said council was setting a poor precedent by allowing the outside storage of lumber. Because of the outside storage and the high volume of lumber sold at the centre, Adamson argued that the building does not conform to the existing zoning.

Reeve Sinc Nesbitt pointed out the store owner has applied for a building permit to construct storage sheds. The Bylaw Enforcement Officer Dick Schell elaborated, noting the owner had applied for permits in December to build two sheds. Schell said he had requested the construction be delayed until spring because of concerns that water would drain on to the neighbouring properties during the excavations of the footings.

A letter had been sent to the owner requesting the lumber be removed Schell

said, but pointed out he was not certain if the municipality could enforce the order.

Reeve Nesbitt said he believed the owner had "set off the lumber in good faith" knowing he would be constructing the sheds

within a short period of time. "We should give him time to build those buildings," he said.

Both the reeve and the deputy reeve Bern Berry, emphasised the importance of the business to the community and to the

downtown core. "We don't want to discourage business" Reeve Nesbitt commented. Council appeared satisfied that once the storage sheds are constructed and the lumber stored inside, the issue will be resolved.

# Summit yields many results

- by Bill Scott, MP -

The second annual summit of Prime Minister Brian Mulroney and U.S. President Ronald Reagan,

## Highway

(from page 1)

in the garage, the garage and stockroom staffs have been reduced

White ended his letter with the assurance that the supervisory staff will continue to monitor maintenance operations to ensure the required level of service is provided.

Reeve Fearrey was not satisfied with the response from the district engineer calling the letter a "List of excuses." He said he finds it frustrating to receive written and verbal complaints about the dangerous condition of the highway while at the same time, the MTC contends the level of maintenance service has not changed. He pointed out there have been a number of accidents on the highway over the past winter and concluded with the remark that he didn't believe the response from the MTC was acceptable.

"Politically I don't think we should accept this," he commented. Council took no further action on the matter.

held March 18-19 in Washington D.C., concluded another successful chapter in the warm and productive relations our two nations have had since September 4, 1984.

The summit produced positive results on a number of issues of key concern to Canada, including the environment, trade and defence. The Prime Minister continues to make solid progress in the fight against acid rain. President Reagan has given his "full and unequivocal endorsement" to put the issue "on the front burner" in Washington. The President endorsed the report of acid rain envoys William Davis and Drew Lewis.

The report, released January 8, 1986, acknowledged acid rain as a real man-made, transboundary problem and called on the U.S. government and industry to share the cost of a \$5 billion program to test cleaner ways of burning coal.

The Canadian government has already taken steps to help control the problem. The results of the summit represent further progress. Acid rain is damaging our environment and threatening the resource base that sustains much of our economy.

In addition to the progress made on the acid

rain issue, the Prime Minister received strong encouragement from the President and key members of Congress for his plan to open a new round of bilateral trade negotiations with the U.S. The U.S. House Foreign Relations Committee extended a warm welcome to the Prime Minister and an influential member of that committee, House speaker Tip O'Neill, endorsed the idea of new trade talks between our two countries.

A key component of the Prime Minister's trade discussions included a discussion with the President and Kansas Senator Nancy Kassebaum about agricultural issues. He told them that farmers on both sides of the border face a tough situation with the problems of farm debt and falling commodity prices. Calling the U.S. Farm Bill a short-term response to these very serious problems, the Prime Minister said the long-term solution lies in enhanced agricultural trade.

The Prime Minister and the President agreed to extend the North American Aerospace Defence Command (NORAD) agreement for a further five year period. They noted that the extension of the NORAD agreement is fully consistent with the provisions of the Anti-

Ballistic Missile (ABM) Treaty and is in full accordance with other U.S. and Canadian treaty obligations. They discussed the Geneva arms control negotiations and underlined the importance of making progress in these negotiations. In addition, the two leaders underlined the importance of full compliance with existing arms control obligations.

This year's summit further proves the effectiveness of the Progressive Conservative government's strategy to improve relations with the United States.

## March weather

- by Phil Graham -

|                              | C       | F       |
|------------------------------|---------|---------|
| Average high                 | 3.7     | 38.6    |
| Average low                  | -7.6    | 18.3    |
| Average for month            | -1.9    | 28.5    |
| Average for last March       | -5.4    | 22.2    |
| Highest temperature March 30 | 21      | 70      |
| Lowest temperature March 8   | -31     | -24     |
| Rainfall                     | 57 mm   | 2.2 in  |
| Snowfall                     | 34 cm   | 1.3 in  |
| Total precipitation          | 91 mm   | 3.5 in  |
| Snow on ground March 31      | Patches | -       |
| Snow on ground last March 31 | 26 cm   | 10.2 in |
| Days with rain or snow       | 14      |         |
| Days clear or mostly so      | 9       |         |
| Days with freezing rain      | 1       |         |
| Days with thunder storms     | 2       |         |

A pretty fair month, no big storms or severe weather. Quite a temperature range from -31 as coldest to plus 21 as highest. Average was above normal. Easter weekend was best in years.

Trivia: On March 15 1973, temperatures rose to 21 degrees but fell rapidly bringing in 38 cm of snow driven by 70 m.p.h. winds. Severe winter storms are common across Ontario up to April 15.

## Outdoors

(from page 4)

This is at the same time as the US strives for energy self-sufficiency, moving steadily toward use of its own vast, sulphur-laden coal deposits. Nowhere is this demand more pronounced than in the industrial heartlands "upwind" of the sensitive landscapes. It is for this reason that US commitment now is vital to curtailing geometric growth of the problem.

On the surface the accord appears to commit the US to a major cleanup. But details

remain--conspicuously -- vague and interpretations contradictory. Careful study reveals that the accord:

--signals formal US acknowledgement both that acid precipitation is a problem and that the US must participate in the solution. This is, in itself, a significant step forward.

--commits-subject to congressional appropriation--\$5 billion over 5 years toward development of clean coal burning technology. The cost would be financed half by government and half by industry.

--fails either to commit specific reductions or to set a timetable for reductions in

acid emissions.

There is a well-founded fear that, in the mood of government restraint, and faced by intransigence of the combined power generation-manufacturing lobby, that the needed funds will not be forthcoming either as government expenditure or in forced industry compliance.

Solutions are within reach. But whether the problem is resolved--or whether it incrementally etches away our children's heritage--will depend upon the resolve of individuals--both Canadian and American--in ensuring that acid rain clean-up sits at the pinnacle of the political agenda.

## Hunters reminded to get moose

The Ministry of Natural Resources is reminding hunters that moose licences are now available and must be submitted to the ministry by the deadline of Thursday, May 15 at 5 p.m.

The holder of a licence will be able to hunt calves in any management district in the province during the district's hunting season. By completing the application attached to the licence, hunters can apply to hunt for cows or bulls in the district of their choice. They must specify the district and either a bull of a cow in listing their first and second choice.

Ministry officials stress the importance of reading the application carefully and correctly filling out the choices. If the application is not correct, it will not be included in the draw.

As in the past, the draw will be held to determine who can hunt for adult moose. The applications will be divided into two categories. Those who applied in 1985 but were not chosen will be included in the first group.

The second group will be made up of hunters who were accepted in 1985 and those who did not apply for a licence. The draw will favour the hunters in the first group.

Licences can be purchased at various sporting goods stores or at the Minden office of the MNR.

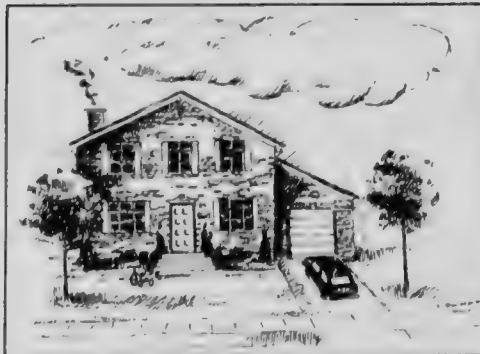

## Home Services meeting

Haliburton County Home Support Services invites you to attend our sixth anniversary and "Welcome Home Snowbird" Volunteers meeting on Friday, April 18 at the Stanhope Firefighters Community Hall located on the North Shore Road off Highway 35. It will be in the form of a 12 noon roast beef dinner at a cost of \$6 per person.

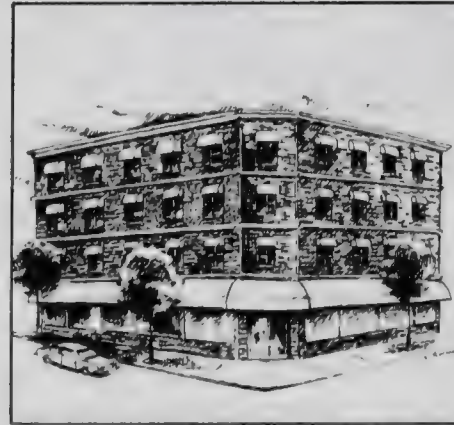

Our meeting will commence at approximately 1:15 p.m. with guest speaker Lorne Williams, co-ordinator of Ontario Senior Games.

Dinner reservations are required. Please phone our office at 457-2941 by April 11. Plan to attend and bring your friends. Everyone is welcome.

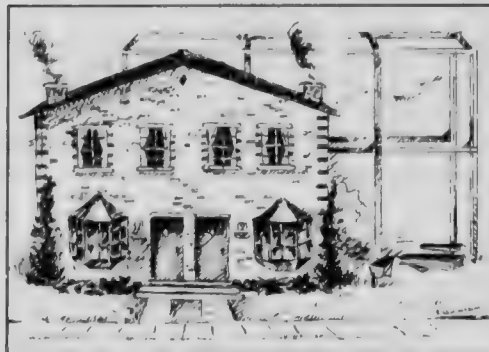

## ANOTHER PROGRAM FROM ASSURED HOUSING FOR ONTARIO

NEW FEATURE: convert part of a single-family home into a rental apartment.

Turn an empty warehouse, factory, hospital or school into rental housing.

Add new rental units on to an existing housing project.

Transform an unused retail space into money-making rental units.

## Now you can get interest-free loans for the creation of new rental apartments.

**\$7,000** for each new apartment created through conversion. Eligible projects include: converting part of a single-family home into a rental apartment; creating rental housing from non-residential property (e.g. vacant warehouse, school, or retail space).

**\$5,000** for each small-sized unit that is not self-contained (e.g. shared bathroom, kitchen).

**\$2,000** extra for each unit accessible to physically-handicapped persons (e.g. ramps, wider doors for wheelchair access).

If you feel you have a project that qualifies, call or mail this coupon to your nearest OHC Regional Housing Programs Office.

Ministry of Housing  
Hon. Alvin Curling,  
Minister

**YES!** Please send me information on how Convert-to-Rent can help turn my unused property into money-making rental apartments.

**Q:**  
Why do 5 million Canadians have trouble catching their breath?

**A:**  
They have lung disease. To find out more, call your Lung Association.

# Farmers hear forage crop suggestions at meeting

The problems faced by area farmers and some solutions to those problems were the subjects of wide ranging discussions at the general meeting of the Haliburton County Farmers' Association on Wednesday at the municipal building in Minden.

Despite heavy fog which blanketed the area, 25 people turned out to discuss soil and crops with Gary Jeffries, a representative of Seardsdale Fertilizers in Cavan and Lloyd Holmes of Hyland Seeds in Blenheim.

Jeffries began his opening presentation by emphasising the importance of soil tests. Consulting a test of an area farm carried out by the Guelph Agricultural College, Jeffries noted the soil was highly acidic; typical of the Highlands. To neutralize the acidic soil he recommended an application of dolomitic lime which also contains magnesium.

By conducting a soil test farmers can find out what elements are lacking in the soil and can improve the soil and thus their crops by applying the proper type and amount of fertilizer. He explained fertilizers contain nitrogen which improves the growth of leaves, phosphorus which contributes to root growth and stock strength and potash which is important for overall plant growth as well as such trace elements as boron, zinc,

magnesium, calcium and manganese.

By determining the type of soil, farmers can avoid using ingredients that are not needed and can ensure a balanced soil, he said. Balanced soil not only

encourages plant growth, it can also affect the health of herds.

Jeffries cited cases of herds suffering from deficiencies in vitamin E because of inadequate feed.

For hay crops, Jeffries recommended applying 70% of the fertilizer in the spring, then adding the remainder after the first crop is cut.

Lloyd Holmes emphasized the importance of fertilizing on an annual basis to increase production and reduce the cost per bushel. He noted 1985 had turned out to be a boom year for cereals, producing high yields and higher protein content than normal, but he realized there is no real interest in cereal crops in the Highlands. As one of the members present noted, "I am looking for something that doesn't need soil."

Holmes said he sympathized with farmers in the region noting he had grown up in the Madoc area. "They have a saying there that it took the Lord six days to create heaven and earth and on the seventh he threw rocks at Madoc Township".

Asked for advice in dealing with weeds, he replied "The best way is to start with a clean field and put fertilizer on two weeks before seeding." He then related his own experience in trying to grow the perfect lawn. After spending a week sifting the top six inches of soil through a screen to remove rocks and weeds, he applied fertilizer then waited for five days.

Then he seeded the ground with Marion Bluegrass seeds that had

been soaked, then dried. "The first year I had a great crop of Fox Tails, in spite of all that work, but the second year I ended up with a beautiful lawn." Gardeners take note!

Holmes recommended farmers cut their hay when it is in prime condition rather than waiting for further growth. "Go for quality. Don't wait and go for quantity."

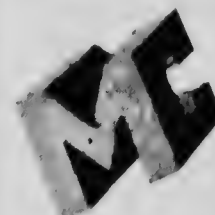

He noted there is a strong market for hay at present with many farmers in south eastern Ontario exporting hay to Florida and receiving

as much as ten dollars a bale from the racetracks.

In their concluding remarks, the two representatives had some down to earth advice. Jeffries told the gathering "If you are growing a crop and not getting a proper yield, ask yourself why. If you are getting a good crop you should also ask yourself why. That may seem like simple advice, but it is important."

For his part Holmes advised the members to "Go out and walk the fields. They will talk to you."

when the county agreed to fund our operating and promotional programs for \$60,000. They, also, took a tremendous weight and pressure off the chamber by making a final payment on our building. I think this shows wisdom and foresight on a county level.

I, also, hope all the members have had a chance to meet our new manager Shirley Rapson. If you have not, please drop by and say

not please drop by and introduce yourself and say hello. Since she began last June, our membership has climbed over 50%. In such a short time she has done a tremendous job and should be thanked by all members and those in the community.

Next week I will let you know how things went not only at the Sportsmen's Show, but also at the travel fairs that Shirley was able to attend in the United States.

## ONTARIO GOVERNMENT TENDER

### MAINTENANCE OF PICNIC SITES

**Inquiry No. 7-86-13 MPS**

Picnic Site Maintenance is required for the Ministry of Transportation and Communications at the following locations throughout the Port Hope District.

Spring Valley Park - Hwy 30 - North of Brighton  
Breakaway Park - Hwy 30 - North of Hwy 401  
Masson Creek Park - Hwy 45 - North of Cty Rd 74  
Half Way Park - Hwy 7 - West of Marmora  
Lightning Point Park - Hwy 35 - South of Cobocok  
Head Lake Park - Hwy 503 - Head Lake  
Trent Canal Park - Hwy 48 - East of Kirkfield  
Morgan Corners Park - Hwy 2 - East of Newcastle

Sealed Tenders of forms supplied by the Ministry will be received by the District Engineer until 1:30 p.m. local time on:

**WEDNESDAY, APRIL 30, 1986**

Specifications, Tender Forms and Envelopes may be obtained in person or by mail from the Tenders Office, Ministry of Transportation and Communications, P.O. Box 150, 138 Hope Street North, Port Hope, Ontario, L1A 3W3 or by telephoning 416-885-6381, ext. 54.

Please specify above Inquiry number (s) when requesting Tender Forms.

Contractors may bid on any or all of above sites, but must submit a separate bid for each site.

Above contracts will be for the period May 12 to October 14, 1986.

The lowest or any tender will not necessarily be accepted.

**Ministry of  
Transportation and  
Communications**

# ONIP

(from page 2)

gathering was poorly attended, the report states.

One of the main emphasis of the projects being undertaken is the provision of services for the increasing number of senior citizens living in the community. It was pointed out that Minden has three seniors' residences and a chart accompanying the report noted the municipality's 65 and over population represents 19% of the total, while the provincial average, taken four years earlier, is only 10%.

The report said the construction of sidewalks and installation of street lights would be a major assist to this sector of the community.

A brass ensemble provided the stirring accompaniment to the hymns of praise during the Sunrise Service on Easter Sunday in Haliburton.

## Did you know?

Did you know...that the Family Violence Prevention Program of the Ontario Ministry of Community and Social Services has compiled a "Compendium of Services for Battered Women in Ontario."

There is great concern for the plight of the women assaulted in the home, and a recognized need to make people aware of the services that exist to help them.

As part of the government's initiatives to respond to this problem, this compendium has been designed, not only as a source of information and referral for professionals who work with battered women, but also to be of use to the battered woman herself who may have access to it in such agencies as the Haliburton County Information Centre.

The focus of the compendium is on services specifically for battered women. Some serve primarily the battered women; for example the network of transition houses and family resource centres that provide shelter to her and her children. Other community services serve a

broad range of clients: counselling services, information centres, medical and legal clinics.

There is a third group of services that also serve the battered woman: the police, welfare offices, and hospital emergency rooms. This third group has been included when they identified a special service such as domestic response teams.

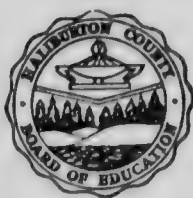

While groups for men who batter may not be considered a "service for

by Suzanne Hyoway

battered women", these groups provide an important service in the prevention of further abuse and therefore are listed in the compendium under "Counselling for Men."

If you would like further information on this subject, drop in or give us a call at 457-2733 between 10 a.m. and 4 p.m. weekdays. Our office is located in the Drag River Municipal building in Haliburton.

Remember, we are here to help people of all ages and all inquiries are confidential.

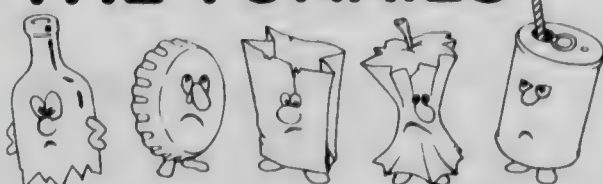

## NOTICE

## around the county town

by Jeanne Sears. Call 286-1538

First, I hope you all enjoyed a grand Easter Holiday with the lovely sunshine and it even made some of my crocus bloom.

Sincere sympathy goes to the families and friends on the deaths of Frank Payne (Bill's father), William Dunstan (Rita Lemieux's father), Mrs. Wilma Weekes (Elizabeth Ackerblade's mother) and Mrs. Ed Irvine (Jack's mother). Stan Coulter, Mrs. Martha Potts of Haliburton and Robert Redfern of Buttermilk Falls.

Winners in the Bunny Contest at the IDA included Joanne Molesky, 9 years old, Jessica Jackson 2 years old, Trevor Clement 4, and Ashley Walker 6 years old.

A family dinner was held on Saturday at the home of Janice and Jack Shaw for the engagement of Maxine Shaw and Arthur Russell both of Lindsay. The wedding will take place in mid-June.

The Minden Agricultural Society will meet Wednesday, April 9 at 7:30 p.m. at the council chambers. Everyone welcome.

Mr. and Mrs. Gordon Phillips of Hamilton enjoyed a weekend with Mrs. Taylor Kernohan.

Mr. and Mrs. Cecil Morrison of Bowmanville, Mr. and Mrs. Charlie Morrison of Maple Lake, spent Easter weekend as guests of the Drysdales. On Sunday Mr. and Mrs. Perry Morris and Miss Nancy Brink attended for Easter dinner.

Bradley Robinson of Toronto was a guest over Easter weekend with his parents Mr. and Mrs. Phil Robinson.

Susan White and family of Barrie visited her mother Fouts Miles and grandmother Irene Miles.

The community sends good wishes to Shirley Hewitt, Richard Walker and Garwood Stevenson who are spending time in hospital.

Archie Stouffer Home and School Association are having a general meeting in the school library Thursday, April 3 at 8 p.m. Constable Gary Chapman will make a presentation on drug and alcohol abuse in our schools. Everyone welcome.

My new hint is to make sure your painting hangs straight on the wall, use two nails. This should work well, it did for me.

Susan and Gary Kylie, Kerry, Erin and Aaron of

Pickering spend the weekend at their cottage on Boskung Lake and visited the Stuart Harrisons and grandmother Kylie in Kinmount as well.

Do you think this is true? "There is a youth employment problem, but it's not a case of no jobs. There's just too few people willing to do something they haven't dreamed of and too many government subsidies so they don't have to."

Coming event from the Chamber - April 5, Minden Ladies Bonspiel. Call Cheryl Murdoch. April 12 - Musical concert at HHSS with Percussionists. April 19 - Flea Market at Haliburton Legion and Quilt Displays at Rails' End Gallery and Agnes Jamieson Gallery from April 5 to 26.

Mr. and Mrs. Paul Warburton, Jeremy and Jason enjoyed a weekend with their parents and grandparents and other relatives and friends.

Winners Monday evening at Club 35 card party included: Most lone hands - Helen Davis, high lady -

Greta Alsop and, surprise, surprise, high man went to Alex Stevenson! The door prize was awarded to Art Beatty and other winners were Elmer Davis, Eleanor Bunker and Art Beatty.

Last Tuesday, March 25, a crowd enjoyed the monthly Rotary bingo. Some people came dressed for the tropics and Doris McCall and Irene Moxam tied for first place in the costume contest. Ken Wallace took the \$95 for "Winner take all" and Helen Lee, Linda Shepstone and Audrey Fountain all got three bars on their Nevada tickets winning them \$100 each. We must make mention of the new bingo machine which tossed balls and showed the numbers on the new screen. Wearing the Nevada hat for the night on number 9 was Lil Martin. The final game for \$58 was won by Jean McKelvey. The next bingo will be held April 12.

Guests over the weekend

with Hilda and Stuart Harrison were Gil and Sylvia Brooks of Downsview and Larry and Sonya Harrison and John of West Hill.

Another lovely Monday with enough breeze to dry the clothes - surely makes me happy. Keep smiling!

## senior league

by Edna Cowan

Well Easter is past and what a beautiful weekend we had. The snow is almost all gone. It's going to be a very poor year for sugar making through by the looks of things, and so much work to be done in preparation.

Monday we had crafts in the afternoon as usual and Linda showed us films up in the auditorium, one was "Lumbering in 1932, Winter Camp" and "Unbroken Line", both very interesting.

Tuesday, Don Finn was in for lunch with Angus Coulter. Angus has some very nice Pixies or Dwarfs painted in the ceramics. They are selling as fast as they finish them, I think. Teddy Carr made a rocking horse too.

The ladies from Maple Lake UCW came and brought the birthday tea. We know quite a few of these ladies and thank them very much for coming.

We had lots of visitors in

this last week or so and several people went out for Easter weekend. Jessie Walter came back home this past week after being out for a couple of weeks. We are sorry to report that Beatrice Gilbank is down in Minden hospital.

Elmer Crawford is a new resident and we hope he gets used to the place and that he enjoys his stay here.

I'm glad to tell you that the news of Sam LaBarge's death was greatly exaggerated and he has just been moved to another hospital. You wonder how such stories get going, but it sure seems easy.

Mrs. Pearl Lyle had her grandson and his family from London to see her. She had a beautiful quilt ready for a great-granddaughter on her 16th birthday, some present I'll tell you.

We thank all the good folks who called to see their people who live here.

Take care for another week.

Hi Kids!!

Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward, backward and diagonally. They are all in a straight line and do not skip letters. Circle the words in the diagram and cross it off in the list.

It's as easy as that. Have fun!

## Branch 129 news

After the outstanding success of the Mac Wiseman/Whiskey Jack concert at the Legion, there is a very high degree of interest in the coming Bluegrass Festival to be held in August in the village of Haliburton.

As I promised in an earlier article, I will try to keep everyone informed as to the progress being made by the various committees working for the Festival.

The first thing I should report to you is the line up of stars we have coming to your area for these shows.

Headlining the shows will be the very popular group from Indiana, called the Boys from Indiana. They will be supported by six other groups from various locales across North America. From Ohio we will have Family Pride. With us from Ottawa will be Ralph Carlson and the Bytown Bluegrass. Other groups such as Blue Mule, Whitewater Bluegrass, Beaver River Bluegrass and Blue Mule will round out the program. We were also fortunate to get the very popular Cindy Thompson Show as a special added attraction for the Saturday only.

Trailer and tenting sites are being cleared now. Washrooms will be constructed and placed strategically about the area. Plans for a stage are underway. Souvenirs such as Bluegrass pins, steins, hats and T-Shirts are already on sale. Advertising is being prepared and will soon be distributed to many areas throughout the province, northern states and in the Bluegrass magazines circulated in Canada and the United States.

Tickets for the Festival will not be sold. Instead we will be selling admission wristbands for the whole weekend and for each separate day. A word of

## Kennel call

The following animal is available for adoption from the Minden Animal Clinic. For more information, call Dr. P.J. Bennett at 286-2919.

- a young, medium size, Husky-type, female, tan and black, one brown eye and one blue eye.

Pitch-In

caution about these bands, once they have been removed from your wrist they cannot be used again, so if you get one, don't be taking it off hoping to put it back on. It won't work that way.

While our visitors are with us, we have made arrangements for boat cruises through our beautiful chain of waters. Horses and ponies will be available for rent. Our flyers will encourage people to take advantage of the setting on the lake for this Bluegrass Festival. Boating, fishing, sightseeing and swimming will be recommended. We will also be featuring, with permission, visits to such places as the Skyslider, Skyline Park and Rails' End Gallery. It is our hope that the communities in the county will all become involved and help make this county effort a great success.

At the executive meeting on Thursday evening we

learned that the Highland Veteran Bulletin placed second in the District Bulletin competition. There are 54 branches in our District and to achieve this placing in the first year as your Bulletin Editor is quite an honour.

\*\*\*

Your Legion is constantly receiving requests for financial assistance from various club & groups and individuals in Haliburton County. At the executive meeting it was decided to help the following: Haliburton Senior Games - \$100; Minden Minor Hockey - \$150; Haliburton Minor Hockey - Use of the hall and provision of all meals for Minor Hockey Players; Canadian Cancer Society - \$50; Guild of Fine Arts - \$35 for a scholarship for a young person to study art at the summer school.

\*\*\*

We received a phone call from Jim Higgins, the gentleman who Mc'd the

Mac Wiseman concert. He is bringing the very popular group, Thompson Mountain Boys to the Academy Theatre in Lindsay on April 19. If enough people are

interested in going to this performance, the Legion would be willing to arrange for a bus and Jim would hold a block of tickets for us at the Theatre. If you are interested, please sign up in the club room as soon as possible.

\*\*\*

On April 25 the Legion

will be hosting the Minor Hockey banquet. We are expecting about 280 people to dine. Help with the work in the kitchen and with serving is needed. If you will be available to help on that evening, please sign the volunteer sheet in the club room.

\*\*\*

## THE TIMES Page 21

It is good to see many of our members returning from sunny south. It was especially nice to see Ted "Dutch" Hellings and Marg back with us again.

\*\*\*

On behalf of the staff and executive of your Legion, we hope you all had a very happy Easter.
